Yosuke Matsuda, Columnist from Game On! I bought the game in the store recently. When you look at the screenshots, this is a game with greatly-improved graphics. As a gamer, I immediately thought, "Wow, this looks amazing." And with the multiple screens and movie-like sequences, the game immediately throws you into a classic RPG scenario. It's a game that can entice anyone who's a fan of classic fantasy RPGs to get this game as soon as possible. And, if you like cute girls, you'll be even more enticed. Yosuke Matsuda (Yosuke Matsuda is a Japanese game analyst from Game On!) Yosuke Matsuda has a column in the gaming magazine, Game On! Magazine. His favorite genres include RPGs, Strategy, and Simulation games. He's particularly passionate about the works of Square Enix and enjoys interacting with the team while developing characters like Lightning from Final Fantasy XIII or Magus from Kingdom Hearts. For more information about Yosuke and his work, please visit his official website. Takushi Ikeda, Columnist from Game On! This time, we have a game that was worked on by Uematsu's former game studio, Graces. And the quality of the game is really good. It was also released in all regions including Japan. And the fact that the story of this game is highly realistic and dramatic with all the emotions being described is really amazing. The heroine is really cute. You can also view the story through the eyes of the protagonist. And in the protagonist's defense (his story), he is a down-on-his-luck magician. But he was actually a hero who fought in a war by the side of the princess of an ancient kingdom. And because of that, he received honor and came to power. But, he was saved by the princess's sister who was a higher-class witch. And he was poisoned by her magic. And, because he was saved by her, his spirit came to life to become a powerful magician. And he became a bitter and fiery person because of his past experience. The gameplay is an action RPG. You are a typical student mage who was brought up by his mother as a gifted and powerful magician. Your mother is a witch who lived a very rich and happy life before dying bff6bb2d33
