In addition, the first version of AutoCAD, 1.0, was also designed by Cyril and Werner Petersson in collaboration with Tom Banchoff, Andy Leadbetter, and Kent Wells at their company, Digital Design and Media (DDM). Petersson Software merged with Arup in 1997, which led to Arup gaining AutoCAD's development team and became the primary distributor of AutoCAD. Autodesk expanded the product line of AutoCAD into other fields, including 2D drawing, mechanical engineering, architecture, civil engineering, and construction design. In 2007, Autodesk acquired the core AutoCAD development team from Arup. Subsequent versions of AutoCAD were named AutoCAD 2009, AutoCAD 2010, AutoCAD 2011, AutoCAD 2012 and AutoCAD 2013. The last two editions are now sold by Autodesk, with the exception of AutoCAD 2016 which is still sold by Arup.
