"This new technology offers a physical representation of the sport as it is played in real-life. The new animation and physics systems have been re-built around this and will create a more authentic football experience for players," explains Marcus Nilsson, Senior Producer of FIFA on Xbox One. Key features include: New animation and physics systems powered by actual player movement (from every position on the field) Unprecedented physics - every action and collision makes players feel as if they're really flying through the air, avoiding tackles with ragdoll control, and making rebounds a powerful experience for players at all skill levels Real-time, individual player animations - every player's movement and reaction is individualized in physics engine. Players hit with a ball will realistically react to the ball, with the ball impacting the player body, and the player responding in a full animation New animation and collision system - players and everything around them are involved in the flow of play, and collisions will be lethal, with players suffering from brutal injuries The game also includes an all-new Career Mode for the FIFA Ultimate Team - which features real-life rivalries, including Manchester United vs. Arsenal, Barcelona vs. Real Madrid, Chelsea vs. Arsenal, and Barcelona vs. Real Madrid - as well as a deep roster of over 2,000 international and domestic players. FIFA Ultimate Team now has 76 kits, 19 balls, and 19 goalkeepers - including the first all-new kits since FIFA 12, a new "Spiderman" ball and goalkeeper goalkeeper, and new Goalkeeper Animation and Reaction. Additional features of the game include: Playmaking - enter the famous world of coaching and management with Playmaker Mode - use a wide range of tools and techniques to assist your players and move your team to the top of the world - from tactics, transfers and salary to tactics, training and nutrition Active Living Skills - over 50 new interactive lessons including sprints, direction changes, jumps, and more - all learned by real-life players and enhanced by motion capture technology New Career Mode - enter a new world of challenges in a more intuitive and complete Career Mode, featuring a new "Create-a-Club" System that lets players customize the environment, coaching style, playing surface and infrastructure of a rival club - from the colour of the shirt, to the location of the stadium. New Visuals -

Take your favorite football heroes and create your own dream team in the creation mode. New to FIFA 22 is the ability to edit your players' appearances, create the ultimate kits for your players, and modify your stadiums. Then, use the card packs to assemble your dream squad and compete with friends and other FUT players online in all new online modes. World Soccer Challenge – Global events at your fingertips! You can take on the real thing and compete against club teams from around the world, and earn virtual rewards as you progress. Real Football Mode – Play the real thing as a manager or your favorite real-world footballers. Select from a list of Real Teams, and you will be thrust into a match with your chosen team playing in real stadiums. FIFA Ultimate Team – Pick a team, place a bid, and offer a trade. If it's accepted, your team moves to the new club. Or, if you're the new club's highest bidder, your team moves to the new club. Trade away valuable items like players, car and stadium upgrades and you can even add the new player's contract to your squad if you're using a FIFA Ultimate Team contract. FIFA Soccer Manager – With the new update you can now manage your football club, and control its training regime, its transfers and the tactics that apply in the matches you are preparing for. As well as using your own finances to get the results you want, you can receive rewards from winning trophies and reward cards from the Club and Investment companies, and you can even get help from your friends through Live Events. AGGRESSIVE NEW MOBILE MODE – GO AHEAD AND BE HEAVYFOOT – You are bigger, stronger and faster than ever in GO BIG, a more explosive and unpredictable new gameplay mode that challenges you to win as many fouls as possible. Go to extremes by taking the ball with one foot in the air, throw the ball to beat the offside trap and use a calculated heavy touch to smash into opponents. Take the new aerial ball control and get out of no-man's land to score some spectacular goals. And trust your skills in the unpredictable GO BIG goalkeeper mode. LEAGUE INTERCHAMPIONSHIP – Find your favorite European club and compete for the title in a series of FIFA 22 Online Leagues. Play your way through a tournament of 32 teams, and look forward to the Play-offs.
