RPG KING: RPG KING'S GAME Features: 1) Customization Available for Weapons, Armor, and Magic (Attack, Magic Attack, Boost Rate, etc.) Experience the RPG KING's power-up system! Each piece of gear has its unique customizations you can choose from. For example, with the Archer's Armor, you can choose boost rate, attacking power, and lift rate. The selection range is broad, but being able to customize your equipment is a pleasure. 2) Two Battles for Free! In addition to the main quests, which many players are unfamiliar with, you can also enjoy two free battle modes. The battle mode is different from a random battle; it is a game where you use your attacks to try to attack a specific character. However, you will be hit by others as well. You can attack the same character multiple times by using a "Dual Attack" type item, and it will be possible to overwhelm an enemy with multiple attacks. 3) Four Classes Available The four classes of the game are Warrior, Mage, Rogue, and Archer. Each character has four levels, and you can increase the level as you find the abilities. This is because this game is an action RPG. You can see which item each class has, including the stats, in the weapon info. 4) Recommended Attributes For best results in the boss battles and new dungeons, you should know which set of items your class should have. For example, you need to use a Light Mana Pot for Mage if you want to use a Magic Attack, so look at the attributes of the class when planning what you should equip. 5) Level Up System Level up is the process of getting "Gems" from defeated monsters. Once you achieve a certain level, the battle becomes harder, and you will obtain more valuable Gems. If you increase your level further, you can add a set of Attributes to your gear, letting you become stronger. The game will also obtain better items for you based on your level, and more "Special Items" will be added to the loot. 6) Summon System Summoning monsters lets you explore the world at your own pace, and fight against enemies. You can summon a monster that will help you to chase down enemies, or you
