SIGNATURE CINEMA COLOR 1 An ancient science believes that the world is not eternal, but has its origin in the past. By observing the stars in our sky, through the study of fossils and through other scientific procedures, mankind made the discovery that the Earth is around four thousand years old. The ancient Egyptians, the ancient Indians, the Greeks and the Chinese had their own versions of the world. Thus mankind decided to write on the walls of the Great Pyramid of Giza to mark the beginning of a new era of discovery, a new way of being in this world, the dawn of the fourth millennium. A time of expansion and knowledge, when science, philosophy, technology and the arts would see a complete transformation. TEODORO, the hero of the new millennium, was born...TOWNS CONSTRUCTED BY THE EMPIRES Architects of the Ancient Empires:In this fifth chapter of the TEODORO series, you take the role of the hero TEODORO. He has discovered the plot that has led to the destruction of the universe: the menace that only he can eliminate. Soon he will find out more. Many ancient civilizations rise and fall. Why is it, then, that this one has survived? What was its secret? And now, what will the hero find here in the "Pantheon"? You will see the scale of the three "cities of the dead": "Danger Zone" where all ancient civilizations converge, "The Archipelago" where you will pass through the most famous archaeological sites, and finally, "Ziggurat" where you will look into the deep secrets of the world. Are you ready to take on the role of the new hero of the fourth millennium? Also available on our website: TEODORO and the SHOOT-OUT! Plot Futaba All this way to meet aliens is nothing without your companion, no? Futaba and his father, Osuzu, have been in the business of escaping evil machinery since a breakout from the summer school where Futaba and Osuzu took over the school by erecting the "Eternal Evil Grinder", a huge machine that is its own planet that displays a snail-shaped underworld. In this day and age, can you even be a hero if you're not saving all the oppressed people? Utterly hopeless, Osuzu decides to reunite with his old partner, a repaired and civilized version of him from the past, the evil machine known as Teodoro. Together, they will find a way to change the course of history by preventing the extinction of the kamones, the robots that are regularly used to clear household trash. But right now, their mission is to avoid preventing a group of high school girls from escaping back to the future. Teodoro and Futaba find themselves in a high school 40 years in the future, the former having no memories of his past life, and Futaba determined to become a real hero, the former convinced that he is in a real dystopic future and that he exists in a world different from Earth.
