Well, we have. Our student works have been going out today. Two of our seniors are staying overnight at a farm that has an art campus; one of their meals is being prepared by the chefs and this evening they'll be out on our main stage playing, singing and dancing, of course. We have one student in the running for the Duke Ellington Prize (a 10,000 dollar scholarship) and another student in the running for the Betty Aaronson Grant (a 5,000 dollar scholarship). There will be another performance tonight, which may possibly make for another interesting story in the coming weeks! Anyway, no more time to go on. But just a brief few words about this month. The May-June Grade Launch will be next week, on Thursday, July 19th. This is a once-a-year event that we hold to give you, the parents, an update on what has happened in our classes during the previous month. In other words, the students themselves will be doing it this month, so we will be staying out of the way of their semester activities. We will be at the core of this event, however, as we are getting things ready. The way the grade launch has gone recently, there will be a small announcement at the beginning of the event

What's new in Elden Ring:

Features [*] A vast world full of excitement[/*] Our wide world and three-dimensional design create a richness and a depth that cannot be found in any other RPG. The gorgeous design of the game's worlds is appealing to the eyes and riveting to the imagination. *[*] A Mystery to Unravel[/*] A multilayered, interactive story that unfolds as you explore. The game inverts the normal character-situation relation and frames the story in fragments instead of developing it as a single, chronological narrative. *[*] A Long-sought Sword[/*] You want a sword. That's your greatest desire in life. And when you finally find it, it's not a straight sword. Instead, it has properties that allow it to be used in different ways. It was just out of reach...? No. It's right in front of your eyes. *[*] A Fantasy Challenge that Conquers Your Heart[/*] It's not just a fantasy. The fantasy comes from the heart, as the core theme of the game is just like that. *[*] An Epic Drama Charged with Heroism[/*] Players choose the path and the path leads them to various thoughts. Many plays unfold over the course of the game. The developing story intertwines with the thoughts of the characters, who act as the lead characters of their own play. As you play, you also influence your characters' thoughts, providing them a unique journey of their own. *[*] The Elements Unleashed[/*] Each character has an affinity for one of the elements. Each element can be used to battle or give insight. The progression of the elements is the key to unlocking your heroes' power. *[*] A Recipe Book for Finishing the Story[/*] Do you still feel uneasy about finding a role to play in the game's uncertain future? Pick up a recipe. The recipes will immediately be applied to your character so that you can actively pursue your story goals. The worlds "The Heroic World" and "The Prison and the Prisoner" have been tuned up. 1. In the Journal of Archaeology Site, the Skyscraper "Crime's
