04:44 microsoft flight simulator x acceleration, fsx steam edition or prepar3d v1 - v4.windows 7 / 8. cerasim uh-60 blackhawk [fsx]. follow. cera sim. the best helicopters for flight simulator fsx/p3d. cera sim uh60 #uh60 #blackhawk #p3d #fsx #helicopters cera uh60 #uh60. the uh-60 is an aircraft i became very familiar with early in my military career. when i enlisted in the early 2000s, the u.s. army made me a uh-60 mechanic in a medevac company. i spent my first tour in iraq with the uh-60a and got to know it pretty well. i left the uh-60 community in 2004, and went on to fly other airframes as a pilot for the army. even though im no longer associated with the blackhawk, when offered the opportunity to review ceras uh-60l for fsx, i was too curious to say no. what you see here is a 2000 mk ii blackhawk modified by a usa patriotic rebuilder. the mission for this project was to have the blackhawk look modern, but yet keep the "feel" of the original aircraft. cerasim has done an amazing job with the repaint on this aircraft. unfortunately, the paint currently does not include the 3-d animations that were available in the original cerasim model. this makes it a little difficult to see some of the external features of the aircraft. follow cera sim. you cant help but to feel that this is the real deal. the 3-d model is a true facsimile of the real thing, and the 3-d animation is an outstanding addition. not to be outdone, cerasim also included an awesome set of radio sounds. these radio sounds are impossible to find anywhere else. the aircraft also includes the sounds of the call signs, the smoke alarms, and the emergency calls. this is a really, really good package with very little to complain about. 5ec8ef588b
