DesignShop 7 is your one-stop source for creating beautiful digitized embroidery designs from printed fabrics and multiple materials. With DesignShop 7 you can quickly and easily create multiple digitized designs in minutes by doing it yourself or choosing from dozens of ready-to-use design templates. DesignShop 7 offers many innovative new features, including options for digitizing multi-layer fabrics, using custom digitizing tools and working on a wider array of objects. DesignShop 7 is the ideal solution for creating detailed digitized embroidery designs in multiple colors. DesignShop V8 is the most complete yet. DesignShop V8 allows users to download fonts and lettering to easily create multiple digitized designs. You can easily create designs with multiple materials or add on your own original lettering, and customize any of the designs. DesignShop V8 also includes advanced design features that allow for easy editing of individual stitch points and stitch paths. You can easily customize stitch colors directly on an object or on a fabric. DesignShop V8 also includes many advanced design features, including separate stitch sections for stitches that need stitching sequenced. Stitch point editing lets you easily edit all stitch points on an object without having to modify each stitch in sequence. You can also use DesignShop V8 to edit existing digitized designs for more features and greater production quality. DesignShop V8 also includes many more embroidery fonts, including alphabets from many different languages.
